

Alpine Racing Helmets

Please review the following acceptable helmets for AOSD sanctioned racing programs (League Racing). Helmets must meet FIS recommended criteria. Racers that do not have an acceptable helmet will not be allowed to participate in AOSD sanctioned Programs. It is recommended that helmets be worn during all on-snow alpine events i.e. training, competition, etc

Snow Valley highly recommends that all athletes competing in any race program have an acceptable helmet. It is mandatory for all league racing programs at Snow Valley.
